PORTFOLIO product-designer-workspace.vercel.app/en

● Open to projects · part-time, 20 h/week

7 years in web and product teams. I work systematically: research → design system → clean handoff. I'm at my best where a team needs a predictable interface it can evolve without me, not just a set of mockups.

EXPERIENCE

22.02.2022 – now

SIGNALS SPECIALIST SERVICE

Armed Forces of Ukraine

- Run my unit's communications: deploying signal points, setting up, diagnosing and repairing equipment.
- Built and documented company command procedures – regulations, reporting, how information passes between units.
- Train personnel on communications equipment. Decorated (2022, 2024).

03.2020 – 01.2022

UI/UX DESIGNER & MENTOR

Wgroup · Mykolaiv

- End-to-end product design: research, information architecture, Figma prototypes, handoff, UI QA.
- Led two designers: goals, regular 1:1s, work reviews, growth plans.
- Built the design system: tokens, component libraries, rules for updates and upkeep.

03.2020 – 01.2022

UX DESIGNER → PRODUCT DESIGNER

Subscription Media Platform (NDA) · remote

- Designed the end-to-end user journey: onboarding, paywall and subscriptions, catalog, viewing, profiles.
- Built a design system from scratch – tokens, components, states, responsive grids – and cut the time to new screens.
- Designed the creator dashboard: content analytics, subscription management, payouts.
- Research: user interviews, clickable prototypes, quick iterations to the final UI.

05.2019 — 08.2021

UI/UX & WEB DESIGNER

Veronikalove · Mykolaiv (part-time)

- Websites and mobile apps, email campaigns, light interface motion.

2016 — 2019

WEB DESIGNER

Dizz agency (Kyiv), SugarTheme (Mykolaiv)

- Multi-page ThemeForest templates, responsive design, landing pages, brand identity.
